IP69K - the highest level of dust and water-proofing

Standard, fine and super fine weighing ranges

Ultimate protection against the effects of condensation

Streamlined construction for easy cleaning of food-processing residues

Stainless steel weighing pan, frame and load cell*

Rugged and adjustable indicator bracket

Capacitive keys for light touch operation

Bright, multi-coloured LED display with 5-step comparator lamps

Desktop/wall-mount stand available instead of a pole stand

Rechargeable battery

Optional RS-232C + comparator and RS-422 / 485 available

SC/E Series

Washdown Scales

SUBMERSIBLE

- IP68 dust and water-proof (submersible)
- Standard, fine and super fine weighing ranges
- Choice of stainless steel (SC) or powder coated (SE) baseframe
- Washdown construction for easy cleaning
- 5000 hours of continuous operation with 6 x ‘D’ batteries
- Supersized LCD of 39mm character height
- Easily switchable, multiple weighing units (kg, lb, oz and pcs)
- High speed stabilisation of 1 second
- Stainless steel weighing pan (SC: SUS304, SE: SUS430)
- Waterproof and corrosion resistance load cell
- Quick USB interface and RS-232C + comparator relay output available as options

FG Series

- Fast weighing response - just 1 second!
- Three selectable weighing resolutions using function settings
- Comparator function
- Auto-Power-OFF function
- Low power supply indicator function
- Filtering function
- Two types of power supply - Dry batteries of AC adapter
- Display column and Tilt display pod (FG-KA only)
- Gravity acceleration correction function
- Optional RS232C and Comparator Output function (FG-23 / FG-24)

- Filtered function
- Two types of power supply - Dry batteries of AC adapter
- Display column and Tilt display pod (FG-KA only)
- Gravity acceleration correction function
- Optional RS232C and Comparator Output function (FG-23 / FG-24)

FG Series

Bench and Platform Scales

HV-G/HW-G Series

Platform Scales

Triple Range (HV-G) Up to 1/12,000 High Resolution

- Water and dust resistant with stainless steel weighing pan
- Large & clear display - LCD: HV-GL and HW-GL
  VFD: HV-GV, HW-GV - Digit height: LCD 25mm/VFD 20mm
- Optional dot matrix printer (HV/HW-GV models only)
- IP65 / NEMA4 compliant
- Comparator function
- Setpoint control for simple batching
- Comparator buzzer with OP-03
- Tilting meter head
- Standard Bi-directional RS232C
- Counting and % function
- M + function for totaling weighing data

Model | Capacity | Resolution | Display | Pan Size | Power
---|---|---|---|---|---
HV-15KGL | 3/6/15kg | 1/2/5g | LCD | 250x250mm AC adapter / 6DD

HV-200KGV | 220kg | 20g | LCD | 390x530mm AC

Approved for Trade Cert. No. 6/9C/268 (HV-G ONLY)
**FS-i Series**

Waterproof Checking Scales

- Ultra fast weighing response - just 0.5 seconds
- IP65 Dustproof and Waterproof
- Comparator function with LO, OK or HI light and buzzer
- ASD - Analog sweep display
- Three weighing resolutions
- SLA - Sealed lead acid rechargeable battery (6V, 4Ah)
- Large LCD display with backlight function
- RS232C - Optional interface

**EM Series**

Platform Scales

- High accuracy and 3 selectable resolutions
- Clearly visible display with a white backlight
- Stable field operation using a rechargeable battery
- Easy carrying due to it’s lightweight body
- Hold function locks in weight
- Enhanced safety by hemming processing on weighing pan
- Hygienic, stainless steel weighing pan (SUS430)
- Auto power off as a power saving operation
- 360° indicator allows viewing from the back or side
- Convenient counting function to calculate quantities
- Extendability with various accessories available

**HC-i Series**

- High internal resolution 1/600,000 or 1/750,000
- AWA - Audible Weight Assist beeping function
- Unit weight entry navigator
- ACAI - Automatic counting accuracy improvement
- DDU - Detachable display unit
- SLA - Sealed lead acid rechargeable battery (6V,4Ah)
- Comparator function to display HI, OK or LO results
- Accumulation function for total piece calculation

**ELP Series**

- Standard Model 3000kg
- Very Low profile Design
- Optional Made-to-Order Ramps
- Strong Construction Allows Capacities to 10 tonne
- Drop Centre Model Available to Order
- Galvanised Frame and Platform
- Choice of Indicators from the Extensive A&D Range
- Certified for Trade
- Choice of Platform Sizes (Non Standard P.O.A.)
- Combination Platform & Indicator Package Available

![Low Profile Bases Image]

**Weights & Measures**
A&D 3000
Low Profile Bases

- Black Painted Finish
- 1200 mm x 1200 mm
- 3 Tonne Capacity
- Trade Approved
- Combination Packages Available
- Excellent Value For Money

ELP-1200
Low Profile Pallet Scales

- 1200kg weighing in dry areas
- Approved for trade use
- Fully portable
- Low profile design allows access for 4 sides
- Suitable for use with all A&D indicators, (trade approvals should be considered if applicable)
- Calibration & certification service available
**Quality stainless steel construction**
**Heavy duty materials**
**Stainless steel load cells**
**Robust stainless steel load foot**
**Waterproof cable connections**
**Highly portable**
**Can be interfaced with ADM indicators**
**Trade approved when fixed**

**Dual range for maximum accuracy**
**Customer and operator displays**
**Large easy-to-read LCD characters**
**Low profile and small footprint**
**Stainless steel weighing pan**
**Data Outputs for EPOS connection**
**Full digital calibration**

AD-8121 Multi-Function Printer

- Dot Matrix Impact Printer
- Multiple Weighing & Statistical Functions
- Battery or AC Adapter Operation

UC Series Personal Health Scale

- 150kg Capacity and 50g accuracy
- Large, Clear Readout
- Low Profile
- Target Weight Setting Feature
- 31 Built-in Memories for Daily Weights
- BMI (Body Mass Index) Value Calculation
- Battery Operation with Auto Power Off
- Battery Life Approximately 2,000 Measurements
Large LCD display with 13.5mm high characters

- Long battery life - approx 450 hours
- Multiple weighing units (g, oz, ozt, lb-oz, tael, tola)
- Auto power off function
- Tare function
- Anti-theft feature with security slot

### SK-WP Series

**Washdown Scales**

- Large Easy-to-Read Wide Angle LCD
- Full Digital Calibration
- Portable Operation with 6 x ‘D’ Batteries
- Stainless Steel Enclosure
- IP-65 Washdown Protection
- Ideal for Food Preparation
- Capacities up to 20kg
- Separate keys for power and Re-Zero

**SJ-HS Series**

Compact Bench Scales

- Stainless steel weighing pan
- Short stability time - less than 1 second
- Multiple weighing units – g, lb, oz and lb-oz
- Level bubble and adjustable feet for precise levelling
- Battery or AC adapter operation
- 4 type D batteries (Batteries not included)
- Designed to last:
  - Feet do not fall at the end of the thread
  - 4 well protected points of support under the pan

**Stainless steel weighing pan**

**NMI Approval pending**

AD-8920
Intelligent Remote Display

- Connects to RS-232C or current loop outputs from A&D Products
- Bright vacuum fluorescent display makes for easy reading
- Small footprint but large display

ES-300
Drum Scale

- Fully Portable with non slip rubberised feet
- Sturdy construction and high stability
- Single point loadcell
- Available as basework only or scale combo
- Dual power supply
  AC Adaptor or 6 x C cell batteries
- 2 Year Warranty

Base & Indicator Option: ES-300 Base with AD-4406 or AD-4405

HV-15KRS

- Suitable for counter recess
- Pan size: 345mm x 285mm
- Separate base & pole display
- NMI Approved as complete scale
- Dual weight only display
- Twin Serial points for easy POS connection

Save, Store & Retrieve - EASY!

- Dual Interface to import data from an A&D balance or scale to a PC
- No battery required as it receives power directly from the balance or PC
- Large memory: up to 5,000 weighing data sets can be stored
- Internal clock and interval mode

Quick USB Adaptor

AD-8527 does 2 things:

- Transmits weighing data directly via the RS-232C port of an A&D balance or scale to the USB port of a PC
- Makes the data available at application level

It also:

- Is easy to use - no software or driver to be installed, just plug it in!
- Eliminates operator errors

Simultaneous and chronological recording of environmental and weighing data

Four kinds of environmental data can be added to your weighing records:
- Temperature (°C / °F),
- Humidity (%),
- Barometric pressure (hPa),
- Vibration (mG)

Large memory capacity of 10,000 data sets

Graphic and numeric display of information

Connects to balance by RS-232C and to PC by USB

Time stamping of data
AD-1683 Series  Static Eliminator

- The AD-1683 generates Positive and Negative Ions to Eliminate Static Electricity
- Enable Accurate, Stable Weighing
- Perfect for Freeze Dried & Injection Moulded items
- Used in Conjunction with ADM Products

AD-1681 Series  Rechargeable Battery Capsule

- Rechargeable Full & Trickle Setting
- Replaces Existing Battery Capsule
- Charging Adaptor Included
- 8 Hours Continuous Usage

AD-1682 Series  Rechargeable Battery Unit

- Compatible Products: GH, GR, HR, GX, GF, GP, EK-i, EW-i, FC-i/Si, HC-i, HD and FX-i
